Progress Report for F13AC00309

6/25/2015

Task 1.1 Formal ADA Accessable Walkway: The formal walkway was completed in 2014. Pictures of the bridge over Ball Pond Brook at the New Fairfield Senior Center taken on June 23, 2014 are below

Task 1.2 Hiking Trail: The hiking trail is nearing completion. We expect to complete this task in 2015.

Task 1.3 Greenway Trail: Wood Chips have been spread over the 1st half of the trail. We expect the remaining portion of the trail completed by the end of 2015.

Task 1.4 Educational Kiosks: Design revisions are ongoing. We're planning to have them installed by end of the summer of 2015.

Tasks 2.1-2.3 Investigations, Management Plan, and Permitting: These tasks have been completed and were reported in earlier Progress Reports.

Item 2.4 Management Plan Implementation: Native grasses are well established. Native trees were planted (Tamarack, Eastern White Pine & Black Spruce). Invasives control maintenance is ongoing in initial control area.
